

GOOD MOVES #23

A new milestone!

**RENAULT
TRUCKS**

An electric achievement

Today, our electric trucks in the distribution range have already covered 20 million kilometres thanks to more than 300 customers who have committed to decarbonisation with Renault Trucks.

What is a Good Move?

A Good Move is something that helps – or inspires us – at Renault Trucks to reach our ambitious goals of reducing CO₂ emissions.

GOOD MOVES #23

Why is this a Good Move?

These 20 million kilometres driven electrically represent 20,000 tonnes of CO2 emissions avoided. Yes, the decarbonisation of road transport is underway!
